Flavor Profile: This is, in fact, a gluten friendly and vegan syrup. We found a way to encapsulate this bready, buttery treat using some unique ingredients. Before I say how, don't worry, the alcohol content is below 0.02% in a final bev, but yes we are using New Grist (GF Beer from our friends at Lakefront) and Rum to give us that classic Almond Croissant experience. Oh! and of course, a naturally derived almond extract from our friends at Clover Distribution where we get all our spices and high quality extracts.
